

Polaris145

Suction cleaner for all in-ground pools.

For those who've figured out it's more fun to swim in a pool than clean it.

The Polaris 145 is designed for all in-ground pools and connects easily to the pool skimmer or dedicated suction line.

features

- Two intakes for dual-action cleaning
 - One intake captures leaves and other large debris
 - One captures sand, silt and small debris
- Steering skirt and surface disk combine to maximize cleaning
- Flow regulator maintains efficiency between filter cleanings
- Deflector ring aids maneuverability
- Patented MagnaDrive® technology

The Polaris 145 features our unique dual-action cleaning system.

Polaris LCS®

accessories

Polaris LCS® (Leaf Canister and Skimmer)

The LCS gathers debris from the pool surface and captures it from the Polaris 145.

Polaris UniCover™

The UniCover fits over most raised anti-vortex main drain covers to create a surface for pool cleaners to travel over without obstruction.
