Dream Line High-Rate Sand Filters are private labeled for us through Hayward Pool Products in an effort to afford you a quality above ground swimming pool filter system at a greatly reduced price.

The Dream Line High-Rate Above Ground Pool Filter System offers advanced full-flow technology that results in sparkling pure water, energy efficient operation, and good, clean fun for the entire family. It's also simple to operate. The Dream Line 7-position control valve lets you quickly and effortlessly select the desired pool filter function with just a gentle twist of the wrist.

Rugged, durable color-fast polymeric tank for all weather performance.
Self priming high performance Power-Flo Matrix pump with PermaGlass XL housing.

Injection molded, deluxe system base keeps equipment off the ground.
Dream Line's full-flow technology optimizes water circulation to reduce operating time and save energy!

Pump has the industry's largest strainer basket for large debris collection with minimal maintenance.

The Horizontal/Vertical discharge feature on the Matrix pump makes switching discharge orientation easy.

These above ground pool filtration systems are designed and equipped to offer the ideal combination of energy efficiency and outstanding water clarity. The Pump and Filter are performance matched to provide the Maximum Flow and Maximum Energy Efficiency.
