

Light up the night with the Hayward Elite™

The Hayward Elite™ underwater quartz halogen floodlight for above-ground swimming pools is UL- and CSA-listed for all above-ground pools and offers a low-voltage, 50-watt halogen light for increased safety and brilliant lighting. The lens disperses the light evenly for full pool coverage to give you a safe nighttime swimming environment. And you can add a dramatic, elegant touch to entertaining with the included multicolor lens kit.

The Hayward Elite installs in just 10 minutes with its easy, do-it-yourself, through-the-wall design that ensures optimal lighting and doesn't interfere with water circulation and filtration. And the housing assembly and lens are constructed of durable, high-grade Lexan® for maximum longevity and durability.

For more information, see your Hayward Select retailer and get ready to light up your night.

Hayward Elite™

*Underwater Quartz Halogen Floodlight
for Above-Ground Pools*

Brilliant Lighting for Life After Dark.

*What once was dark...
Is now the perfect place
for evening entertaining.*
