

PERFORMANCE SAFETY COVERS

We put safety first!

AVAILABLE IN

- ~ ProTex™ Mesh
- ~ LitePro™ Solid
- ~ Bio-Shade™ Mesh
- ~ Standard Solid

ProTex™

The benefits of a solid cover, with the ease and handling of a mesh.

The ProTex safety cover material. Manufactured with a light and tight woven material, ProTex safety covers are designed to allow water through for drainage and safety but keep sunlight and debris out for ease of maintenance and peace of mind.

Available in green only. US Patent 6,886,187-98

98% SHADE

LitePro

Lightweight LitePro safety covers are about half the weight of our standard solid cover.

LitePro solid safety covers will block out all of the sun's rays, yet the new lightweight material allows for easy installation and removal.

Available in green and blue.

Bio-Shade™

A customized engineered mesh designed to inhibit the growth of algae in your pool.

Durable long lasting polypropylene mesh material. No more standing water in the springtime for insects to breed, our mesh material allows water and snow to drain right through. Built-in durability and strength will protect your family and your investment.

Available in green, blue and tan.

NEW COLOR!

FULL-WEIGHT SOLID

Heavy-duty solid safety covers stand up to whatever mother nature can dish out.

The full-weight solid safety cover material will completely block out all the sun's rays. One of the industry's most durable covers comes standard with the INVIS-A-DRAIN™ system, keeping all the debris and sun's rays out, allowing only water to pass into your pool.

Available in green and blue.

The PERFORMANCE difference:

- Double decker edge
- Coping anti-rub strips
- UV resistant material
- Bio-Shade™ technology
- Solid cover with INVIS-A-DRAIN™
- 1" polypropylene webbing
- Interlocked, double overlap seams
- Heavy duty double-coil low profile springs standard on solid full weight covers
- Stainless steel low profile "D-Ring" springs available on all mesh covers
- Overlap D-Ring provides superior strength, longevity, and ease of installation
- Exceeds ASTM standards
- Custom non-corrosive hardware and brass anchors
- 15-Year Warranty

IMPORTANT!

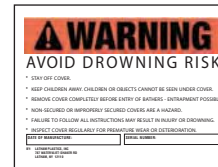

"No Diving" signage is a component of the swimming pool and must be installed on the coping around the perimeter of your pool. "Caution" signage also must be affixed to the steps.

This Area Warning Sign must be permanently and Conspicuously Affixed in the pool area so it can be easily seen by everyone using the Pool.

Make Safety A Priority!

Remember, while covers are designed and used for safety and maintenance devices, it is recommended that covers are not walked on for any reason.

As members of APSP, we would like to inform you of several publications that you may wish to request from APSP: "The Sensible Way to Enjoy Your Inground Swimming Pool"; "Children Aren't Waterproof"; "Pool and Spa Emergency Procedures for Infants and Children". These publications can be ordered from the APSP by calling or writing them at The Association of Pool and Spa Professionals, 2111 Eisenhower Avenue, Alexandria, VA 22314, 800-323-3996. Or visit the APSP consumer web site at theapsp.org.

SAFETY IS EVERYONE'S RESPONSIBILITY. As much as we try to build in every possible safety measure, it is the consumer purchaser's responsibility to follow all safety instructions provided with the Performance Safety Cover, and to educate all users of the product as to its safe and proper use.

The Warranty information provided represents a brief synopsis of the full written warranties for the products described. We stand behind every product we produce pursuant to those representations which are stated in our written warranty only.

NOTICE: Your dealer/builder/contractor is an independent business person. We cannot and do not accept any responsibility for any representations, statements or contracts made by any dealer/builder/contractor.

All cover samples are for illustration purposes only. The manufacturer reserves the right to change cover selections without notice. Covers depicted are representative of the actual material; however, variations in color and shading may occur.

PROTECT your

Family and your Investment!

**15-YEAR
WARRANTY**

We put safety first!

We designed the Performance Safety Cover™ to protect both your pool and your family. Our pool covers are manufactured to your specific pool size and shape. A properly installed Performance Safety Cover™ will help prevent accidental intrusion by children and pets. Available in full-weight solid, LitePro™ solid, Bio-Shade™ and ProTex™, a custom engineered mesh designed to inhibit the growth of algae in your pool.

Patent Pending

Reduced Deck Mount™ System

Patent Pending Design

Easy installation around raised walls, water features, spas and other deck accessories. Designed to maintain a tight cover fit. Perfect for narrow pool decks. All stainless steel hardware with brass anchors. No other manufacturer offers this feature.

A Cover is Only as Strong as Its Seams

Performance Safety Cover™ seams are interlocked and double overlapped. This seam is the heart of the Performance® difference. No other manufacturer offers this feature.

Custom Heavy Duty Hardware for a Tighter Fit

Introduced to the industry by Performance Pool Products®. Heavy duty stainless steel double-coil springs, with D-Rings for ease of installation and adjustment. They have a lower profile - so covers lay flat and fit tight - whatever the shape of the pool. Standard on full weight solid covers.

NEW!

Uncompromised Strength

Our **NEW** and **IMPROVED** Brass Anchor provides optimum strength and longevity. And we've redesigned our tamping tool to seat better on the anchor for easy installation. Another reason to choose a Performance Safety Cover™.

Built to last

Excellence shows in the details. Like box tack reinforcement on all perimeter straps. Protective pads positioned at step nosings to prevent abrasion. And added protection on every component including the thread to resist ultra-violet rays and pool chemicals. Plus, it comes with a 15-year warranty.

Our double decker edge

A potential trouble spot for pool covers is the perimeter - where they can fray and unravel. The Performance cover is first hemmed, then sandwiched between double layers of webbing. Edges can't unravel, you get years of trouble-free performance.

NEW!

More Deck Options

At last there is a solution for stone and paver decks set in mortar. The **NEW 10" Steel Deck Tube** has been designed specifically for this application. (Do not use as a lawn tube.)

NEW!

Replaceable Perimeter Pad

To extend the life of your cover, order your cover with our **NEW Replaceable Perimeter Pad**. A velcro application allows the durable padding to be removed for easy, convenient replacement. Protect your cover and extend its life simply by using the **NEW** Replaceable Perimeter Pad.

Won't Rub Your Pool the Wrong Way

Coping anti-rub strips protect your cover without making marks or scars - keep your pool and cover new-looking for years.

Solid Safety Cover with INVIS-A-DRAIN™

1/4" drain holes are located every 6" in reinforced vinyl, down the center of the cover. Beneath is a 12" wide mesh drain filter panel designed for easy cleaning. No other manufacturer offers this feature.

Solid Cover with Optional Pump

Use of a weighted cover pump to immediately pump off all standing water, such as rain or melting snow will maintain all applicable safety standards.

NEW!

Effortless Installation

The **NEW 35" Installation Rod** is ergonomically designed to make installation and removal virtually effortless. The additional length provides built-in convenience and relieves potential back strain.

Exclusive!

Beware of Imitators

Insist on a Performance Safety Cover™ to ensure the quality that you expect from Performance Pool Products. This feature will not be available on any in-stock covers.
