

Pro™ Series

SIDE-MOUNT SAND FILTERS

FILTERS

Minimal maintenance
for added convenience.

Hayward Pro Series sand filters deliver crystal clear water through advanced pool filter technology for pools of all types and sizes. And, since this sand filter requires minimal care, users will appreciate its added convenience.

The durable housing is molded of corrosion-proof polymeric materials. Additional features include an advanced, self-cleaning lateral system for smooth, efficient flow and totally balanced backwashing. Plus, with a Hayward 6-position Vari-Flo™ control valve, you can quickly dial any of the valve/filter functions for easier operation and maximum efficiency.
