Backyard Paradise

Hydra Pools knows that your pool is more than just a place to swim. It's a design accent to your backyard, a gathering place for parties and cookouts, it's where you spend quality time with your children, it's where you exercise, it's where you relax, and it's your very own backyard tropical paradise.

Most people believe that a pool paradise is the sensation of slowly slipping into the crystal blue waters of your very own backyard pool on a summer day. And Hydra Pools definitely offers that type of picturesque pleasure. But our definition of paradise comes complete with the satisfaction of knowing that you and your family will be enjoying that same pool for generations to come.

Our customers can lounge in their pool worry-free because Hydra Pools simply builds the best pool on the market, and they back it up with a lifetime warranty on all of their wall panels and braces. In addition, the vinyl liners are protected by an incredible 15-year pro-rated warranty.

The Structure of Paradise

Product excellence is not just a goal for Hydra Pools and our parent company, PI, Inc., it's a necessity. Since the founding of PI in 1952 and Hydra Pools in 1984, we've persistently been striving for success, and we've achieved it again and again. We've been honored by *Society of Plastics Industry*, which awarded us the highly acclaimed *Poly Award*. Our customers have included some of the most prestigious in the world, including DuPont, General Motors, RCA, Amana, Curtis Mathes, and Ethan Allen.

Our decades of experience, unbeatable warranty, and dedication to excellence make Hydra Pools the best pool manufacturer available. And those are just some of the reasons that thousands of people choose Hydra Pools to create their very own backyard paradise.

HYDRA

POOLS

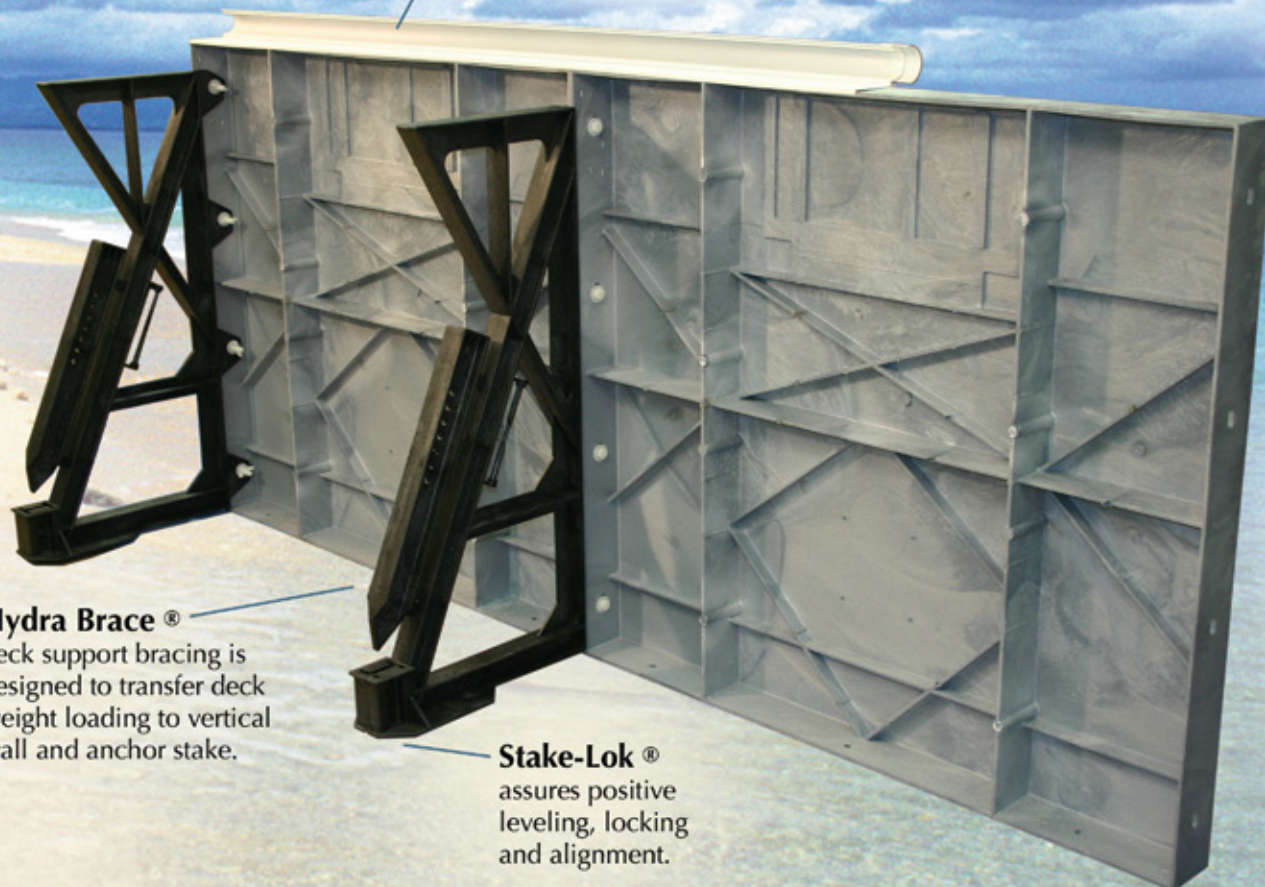

Designated Cutouts
for skimmers and
lights in three
different panel lengths.

**Hydra Pools
Alignment Coping**
encapsulates the entire
top surface of wall panels
providing precise alignment.

Nylon Bolts

Hydra Brace®
deck support bracing is
designed to transfer deck
weight loading to vertical
wall and anchor stake.

Stake-Lok®
assures positive
leveling, locking
and alignment.

**The Hydra Pool Structural
Thermoplastic Pool Wall**
is molded to exacting specifications
based on thorough research and
engineering. Each of the five different
straight lengths and three radius
panels have uniform rigidity,
flatness and strength derived from
the strategic placement of ribs.
These panels are the most resistant
to all types of underground
deterioration including heat and
cold, yet they are surprisingly light
weight for easy installation.
